

## ERA of REBIRTH

*By: Ama Seiwa*

Since we know **“The Destruction of Black Civilization”** began and continued systematically, over time, and well *Before the Common Era*, we have to work hard and long to regain our **“Stolen Legacy”**.

Because our original language, Medu Netcher is **“Written in Stone”** we have learned to read it and realize that **“Spiritual Warriors are Healers”** and that we can restore our sanity, taken after the first *Golden Age*.

**“The Isis Papers”** symmetrically describe the means, modes and methods used to brainwash and distract us in the last *Two Thousand Years*.

In the mid *Nineteen Hundreds* **“The Message to the Blackman”** asked our people to **“Know Thyself”** and to get a land that we can call our own in order to continue **“The Journey of the Songhai People”**

**“The Master Teacher”** told us of **“The Nile Valley Contributions to Civilization”** and explained that **“The Mis-Education of The Negro”** was the reason for our ignorance and that we can go **“From Niggas to Gods”** in *this Day and Time!*
